Make Your Presence KnownSM

Kamili Consulting helps small to mid-size businesses and nonprofit organizations with personalized integrated digital and traditional marketing solutions and we're ready to partner with you at any stage in the marketing process.

Whether you're starting from scratch and need a long term Strategic Marketing Plan or are well established and simply desire a short term program to address specific market challenges, we can responsively address your needs and help you achieve your goals.

Areas of Expertise

- Creative Ideation
We'll guide you through proven techniques to help you generate new, innovative ideas and approach your market challenges from different angles.

- Market Research & Analytics
Learn more about your customers, your competition and your industry. Quality market research and data analytics lead to better insights, better ideas and better decisions.

- Strategy & Planning
We can help identify and leverage your strengths and unique qualities to create a complete marketing strategy and plan to meet your short term objectives and long term goals.

- Program Development
From Brand Awareness to Direct Response, we can successfully develop your precise marketing program, integrating the right marketing message with the right traditional and digital marketing mix.

- Web, Graphic Design & Content
Let us take care of the professional graphic design and content of your print and digital communications including SEO web design.

- Program Launch
Put your integrated marketing program into action. We can coordinate your traditional and digital program launches and provide valuable feedback and insights with customized performance metrics.
